9th edition
of the International Conference
on Fatigue Design

fatiguedesign.org

Fatigue Design 2021, oncoming high scientific level, 300 delegates

The 9th Fatigue Design 2021 conference aims to present the most innovative approaches and scientific progress in design methodologies, tools, and equipment's life extension, focusing on industrial applications. After the success in 2017 & 2019 to dedicate the conference to the scientific community from a specific country (USA, Italy and Japan respectively), it has been decided to renew the challenge for 2021. In respect to German advance research works in the area of fatigue and fracture mechanics in the last years, it has been proposed Germany as the « partner country » for Fatigue design 2021 conference.

Some words regarding Fatigue Design 2019

The 8th edition of the International Conference of Fatigue Design was held on 20 and 21 November 2019 with the participation of over 234 delegates with 75% industrials. It was an opportunity for Cetim to gather experts from academia and industry to promote the most innovative approaches, scientific and technological progress in design methodologies, testing methods and tools to evaluate and extend the fatigue life time of the industrial equipment. It is a great success for Cetim which brought together more than 80 speakers from 20 countries from Europe, North and South America, the Middle East, Asia and Africa. According to speakers and delegates, the scientific and organizational

progresses have still been achieved during this 8th edition of the conference. The papers are published online on ScienceDirect. Since 2005, and every two years, the conference takes place at Senlis, the Royal City, located at 45km from Paris with more than 2000 years of history. The Notre-Dame Cathedral of 12th century, Saint-Pierre church, Medieval ramparts of 13th – 16th century, the château royal and 4 museums are among the most attractive places to be visited.

Major topics

The 9th edition of the Fatigue Design International conference will be organized by Cetim and its partners on 17 & 18, November 2021 at Senlis, France in close collaboration with Elsevier editor for the proceedings publication through Elsevier Procedia Structural Integrity. The papers are published online on ScienceDirect, which makes available worldwide for a better dissemination and maximum exposure. In this respect the selection and peer review of the papers have been done in collaboration with the International Scientific and Organizing Committees. For this edition, a focus is made on the contribution of Big Data and Artificial Intelligence to the fatigue design world.

The presentations will focus on the latest development and most recent experimental, numerical simulation techniques and the associated engineering tools applied to the large domain of the industrial applications.

« Fatigue Design » became the reference conference to address the concerns of industrials on fatigue design of structures and components. It is also considered as the trade crossroads between industry and academia: 80 oral presentations were performed with 50% by industry.

Benefits of Sponsorship

The Sponsors will have several benefits through this strategic investment:

- to improve the visibility and reputation of the sponsor within industrial and academic delegates,
- to contribute to the success of high level International Conference dealing with fatigue design and testing,
- to have access to high level researchers and the decisions makers,
- to promote the sponsor products and services through the conference web site (sponsor logo)
- one or two pages product document to be inserted into the conference bag
- your logo, your website link and a short text on www.fatiguedesign.org
- your logo on Abstract Book, Congress Kakemono and Program

	Bronze 2 500 €	Silver 3 000 €	Gold 4 000 €	Platinum 5 500 €
Verbal announcement during the opening and closing sessions	✓	✓		✓
1 conference registration with gala dinner and 1 gala dinner invitation for sponsor guest	✓	✓		
1 advertisement page in the abstract book		✓ (inside back cover)	✓ (inside front cover)	
Verbal announcement during the opening and closing sessions and Social events			✓	✓
Your logo on social events invitation and menu			✓	✓
2 conference registrations with gala dinners and 2 gala dinner invitations included for sponsor guest			✓	✓
Demonstration of your product (on your stand or a meeting room at your disposal)				✓

Sponsorship reservation form

To do the reservation, please complete the following form and send it to fatiguedesign@cetim.fr

I undersigned hereby certify, (surname, first name and position)

.....
.....

Acting on behalf of (company name)

.....

Confirm my support of sponsorship for « Fatigue Design 2021, the International conference on fatigue design and testing ».

Address

Zip code

City

Country

E-mail

Phone / Mobil phone

Please choose one of these sponsorship solutions:

- Bronze - 2 500 €
- Silver - 3 000 €
- Gold - 4 000 €
- Platinum - 5 500 €

(*) The rate includes VAT / TVA : 20%

Payment must be made to the order of the Cetim

- by bank check
- by bank wire transfer

Please mention the invoice, customer member and « Fatigue Design » on your transfer order
